

Where can I find my emails from my Instructor?

Go to the **Communicate** Tab to Read and Compose Emails

The screenshot shows the Angel LMS interface. At the top, there are navigation tabs: Lessons, Resources, Communicate, and Report. The Communicate tab is selected. Below the tabs, there is a 'Refresh' button and a 'Communicate' section. Underneath, there is a 'Course Mail' section with a link that says 'Read and compose course mail messages'. Below that is a 'Message Summary' section showing 'New Messages' as 0 and '(Last accessed 7/24/2007 2:07:51 PM)'. Two arrows point from the text above to the 'Communicate' tab and the 'Read and compose course mail messages' link.

Note - Your Instructor may add an Email link to the course home page

- To setup mail Preferences use the Preferences Link

[Course Mail Preferences](#)

- To check all emails use the Drop Down selection

Show All

- Use the Compose Email link to create new emails

[Compose](#)

- To find recipients use the Add Recipients Link

[Add Recipients](#)
